Terry Gnehm, River Commissioner
Logan River Distribution System
195 W 1800 N
Logan Ut 84341-1724

Dear Terry:

I'm sorry this letter is somewhat short notice. I hope it does not put you in a bind.

Several weeks ago you requested that Karen include in our mailing to the Logan Distribution System a notice that the Crockett Avenue Irrigation Company meeting would be held after the distribution system meeting. At that time I instructed Karen to get in touch with you and explain to you that we could not agree to your request. Karen tried without success to reach you and I have been out-of-town a lot so I am writing to you today.

This is a busy time of year for our office. Your request may seem like a small item but it adds an additional workload on Karen at a time when she already has a lot to do. In addition, there are many irrigation companies who hold their annual meetings this time of year and who probably would like the same service. If we were to do this for you, we would have to be willing to do it for anyone who requested it. We are not in a position to be able to do that.

I'm sorry we can't help you with this, and again, I am sorry if this short notice puts you in a little bit of a bind.

Sincerely,

A handwritten signature in black ink, appearing to read 'Lee H. Sim'.

Lee H. Sim, P.E.

Assistant State Engineer for Distribution
